Ms. Frey began by welcoming Mr. Scarice to his first Board of Education meeting as the Superintendent of Madison Public Schools. She stated that the entire Board is hopeful that Mr. Scarice will have a long tenure in Madison.

Ms. Frey then recognized Anita Rutlin, Assistant Superintendent for Curriculum, Instruction and Assessment for her service as Interim Superintendent over the past 8 months, noting that this was the second time Ms. Rutlin has served in this capacity. Ms. Frey commented that she could not thank Ms. Rutlin enough for her tireless energy, intelligence and professionalism, and the entire Board owes her a debt of gratitude. She noted that each Board member contributed toward a personal gift for Ms. Rutlin – a Kindle Fire – that they hoped she would enjoy in her leisure time.

First Selectman Fillmore McPherson was in the audience and first welcomed Mr. Scarice as Superintendent of Schools. He then recognized Ms. Rutlin, stating that it was a pleasure to work closely with her over the past 8 months. Mr. McPherson stated that Ms. Rutlin really stepped up to the plate and did an outstanding job, and the entire town is in her debt.

Members of the Board each individually thanked and commended Ms. Rutlin for her service as Interim Superintendent.

The meeting was adjourned at 7:48 p.m. for a brief reception in honor of Mr. Scarice and Ms. Rutlin.

Mr. Scarice reported that Daniel Hand High School has completed two of the three required phases for the NEASC (New England Association of Schools and Colleges) accreditation process. Daniel Hand recently received a letter from NEASC notifying them of continued accreditation. Mr. Scarice stated that a more detailed presentation on the results of the Committee’s visit will be provided at a future Board meeting. However, we are already looking at the Committee’s outlined areas of strength and those areas needing improvement.

4.2. Update on Governor’s Education Reform Package

Mr. Scarice next gave a brief update on the Education Reform Package. He stated that while it was early to analyze the impact of this legislation, he wanted to highlight a few areas for informational purposes. He noted that this legislation is not targeted for school districts in Madison’s profile, but more for districts with significant achievement gaps. Mr. Scarice noted that the areas that will affect Madison are Teacher Evaluations and funding for Education Cost Sharing.

Discussion ensued. Mr. Scarice noted that the State Department of Education is still working with the Advisory Council to flush out details of the reform plan. He noted that laws do not improve student learning, people do, and we in Madison will continue our work to advance student learning.

At this time, Ms. Frey interrupted the meeting for an announcement from First Selectmen McPherson.

Mr. McPherson reported that both the Town and Board of Education Budgets had passed at referendum by a margin of two to one.

Discussion continued. Mr. Scarice noted that though the changes brought forth by the Education Plan do not tie directly into the work we do with students in Madison, there will be some reverberations and we will
address issues as they arise. We already have an Evaluation Committee in place that is doing excellent
work.

It was noted that this is a very political issue and one that is still evolving. Mr. Scarice stated that there will
be much more to come and the Board will be kept up to date on legislation reform.

4.3.  Enrollment Update: 2012-2013

Mr. Scarice noted at the May 1, 2012 Board of Education meeting, Ms. Rutlin reported that we had 116
students enrolled for kindergarten for next year. He stated that kindergarten enrollment stands at 123 as of

for these students and we will continue to monitor enrollment numbers.

5.  Reports from Board Committees / Liaisons

6.1.  Planning Committee

Ms. Fitzgerald reported that the Committee had recently received a request from Nite in Hand for storage
space within the district. She spoke with Mr. Bill McMinn, Director of Facilities, who shared the results of
an in-depth report generated in 2009 on storage for the district. As was the case in 2009, there is no extra
storage space available and we are unfortunately not able to help Nite in Hand at this time.

Ms. Fitzgerald next reported that the Committee reviewed the Planned and Cycled Maintenance Schedule.
The projects at Brown Middle School will get underway over the summer, as well as renovations to the old
gymnasium at Walter C. Polson Middle School, which will include painting and refinishing the floor.

The Committee is waiting for a report from the Teacher Evaluations Committee and will move forward
when that is completed.

Ms. Fitzgerald noted that the Planning Committee’s focus over the summer will be on facility needs,
specifically for 2013-2014.

Ms. Wood reported that she had analyzed the results of the calendar survey as well as the individual comments. She noted that while the survey results were given careful consideration, the calendar is driven by Board of Education guidelines and what is educationally sound.
