HOME AND SCHOOL COMMUNICATION AND SUPPORT

Teacher E-Mail Addresses: All teachers at this school have been issued e-mail addresses.

Online Homework Information: A portion of the school's website is devoted to homework pages.

The following narrative about how this school promotes and supports parental involvement was submitted by this school.

Island Avenue School enjoys the benefit of a very active parent population due in part to frequent and detailed communication between home and school. Teachers share monthly newsletters which are posted to their individual link on the school's webpage, detailing specific events and curricular areas. Curricular web links are available to assist parents in providing appropriate support at home. All teachers are available through voicemail and e-mail and promptly respond to parent communiqués. The district and school based listservs act to immediately inform parents of emergencies as well as planned events. Parents take on a wide variety of roles which help to support and enrich students' academic and social lives. Numerous volunteers participate as guest readers, room coordinators, Junior Achievement counselors, library and computer helpers, and organizers of special events held during and after school hours. The Parent Teacher Organization (PTO) is a vital group that undertakes projects including the annual Book Fair, Welcome Back Picnic, The Pumpkin Fair, movie nights, and Field Day activities just to name a few. The PTO meets monthly focusing on a featured academic or social issue which actively engages faculty members and parents in conversations. These meetings also provide a venue for conversations with the staff and administration regarding new initiatives or program changes. Language Arts, math, and science information provide parents with an opportunity to learn about the State Frameworks and Grade Level Expectations, as well as suggestions for home support, particularly in the area of reading.

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

During the 2008/09 school year, Island Avenue School developed and implemented classroom and school-wide activities to address diversity within the school and community. Our goal was to promote an understanding of different cultures and traditions and to learn to accept differences in people. Our third grade unit of study of international countries provided our students with opportunities to explore and understand different cultures and traditions in a diverse world. Each of the four third grade classes focused their International Study on a country's folkways as well as its customs, food, shelter, clothing, education, geography, economics and literature. Families were invited to our school and the children presented their research on the various countries, and shared music and dance from around the world. In addition, fourth grade students participated in a Native American Showcase which they subsequently presented and shared with families. Secular and religious holiday studies throughout the grades focused on activities to help develop an acceptance and respect for diversity through art and music. In art class, the children studied and made masks representing different countries. Our music program focused on teaching children about the music and dance of different cultures. The Island Avenue School Cultural Arts Program provided students with a variety of activities including the Waeshael Singers representing the music of England, and storytellers who shared stories gathered from around the world.

SCHOOL IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this school.

During the 2008/09 school year Island Avenue School worked toward improving services to all students by focusing on greater parent involvement in the educational process, working to meet all students' needs through expanded data collection and analysis and enhanced support programs, and providing positive behavioral support to the entire student body. In an effort to provide timely information to parents, a building based listserv was utilized, enabling the administration to efficiently and globally communicate with all households. The PTO along with the administration and staff created meetings around curricular issues. In addition, parent forums were held to discuss anxiety in students and transitions to the middle school. During this past year, Island Avenue School continued to expand its RtI program components with a focus on math and language arts support from intervention to acceleration. Both special education and regular education teachers worked with varied student groups targeting specific skill areas and utilizing a progress monitoring protocol to ensure efficacy of instruction.

In an ongoing effort to enhance reporting to parents, a Parent Guide to Standards Based Reporting was posted through the Island Avenue website. This document provides parents with an explanation of the standards based reporting system utilized at the elementary level as well as specific benchmarks for each reporting period.

SUPPLEMENTAL SCHOOL INFORMATION

The space below was optionally used by this school to describe aspects of the school not presented elsewhere in the profile.

Island Avenue School served 328 students in grades one through four. Staff, parents, and community members work collaboratively to create a developmentally appropriate learning experience. It is our belief that each student is unique and has an individual pattern of growth. Education at Island Avenue School promotes students' intellectual, social, emotional, and psychomotor development. This development is addressed and enhanced through an integrated curriculum with a focus on thinking skills, communication, and multicultural education. Learning is exploratory, hands-on, interactive, and language based. A partnership with parents and the community exists in order to help each student realize his/her potential. Students' community service awareness is expanded through the school's participation in and support of a clothing drive, Jump Rope for Heart, Community Food Bank, the Beardsley Zoo and a local pet shelter. As we progress toward the year 2010, Island Avenue School's program reflects societal changes and incorporates educational research into practice with a commitment to educational excellence, challenging each student and teacher to develop the skills necessary to succeed in this ever changing and challenging world.
